

TRAVEL PRICE CHANGE

Increasing Travel Rates from 1 April 2022

Due to challenges related to the current fuel prices, Interchange has had to make the decision to advance the travel rate increases to 1 April 2022.

In July 2021, the NDIA changed their pricing arrangements, including the rate for travel and transport services being \$1/km for vehicles and \$2.40/km for modified vans. Interchange has started to phase into these prices beginning from January 2022, starting with vehicles at the \$1/km rate and modified vans at \$2.20/km.

On 1 April 2022, Interchange will transition to the full \$2.40/km rate. Find out more in the current NDIS Pricing Arrangement [HERE](#).

We appreciate your support and understanding in these challenging times. We are grateful to be able to continue to provide quality supports and help people with disability to live a good life.
