

Host Bio for Michelle

We are a family of 4. Myself (Michelle- mum 38), Phil (Dad 38), Harriet (5) and Jack (4). I am a stay at home mum and Phil works full time as a Shift Team Leader.

We live in a cul-d.sac in Kardinya, which is located behind the Kardinya Park Shopping Centre. We are within walking distance to the shops (approx. 200m) and access to easy public transport from South Street, you can go from Fremantle or to Murdoch station in 10 minutes.

Our home is a beautiful two story brick built house. We have made some changes within the home to accommodate another person and allow them to have their own individual space but under the same roof as our family. The individual space has a kitchen, living/dining, laundry, bedroom with ensuite and backyard.

Myself (Michelle) will be the primary person home. I am currently working with an agency on a casual basis. I have my son home with my on Mondays and every 2nd Wednesday when he is not at school. I believe it will be an exciting and rewarding experience and I believe it's a perfect opportunity for us and another individual.

Our family enjoys swimming, beach/ river days, picnics, playgrounds, walking the dog and hanging with our friends. We like to take trips away as much as possible, even if this is just a day trip to explore Perth.

We have a little white dog (Maltese Shih Tzu) named Penny. She is 6 years old, very docile and loving. Penny has grown up with the kids and loves people.

I (Michelle) have a Certificate III in Disability and I am currently enrolled and working through completing a Certificate IV in Community Services, I started my caring career with Rocky Bay in 2012 and have remained within the industry ever since.

Phil grew up with a foster brother who has a disability but he does not work within the industry.
